

## **The Prophets Prophecy a Lie in My Name 12-22-24@5:51PM**

Daughter hear what the whisperers are saying? The False prophets? That I am behind America-Babylon. They prophesy a lie in MY NAME when I have declared that America-Babylon is going down for her evil wicked ways. She WILL NEVER rise again!

Will her people turn to Me? Most will because they will either be in captivity. They will either be facing the harshness of war and of running from the antichrist. They will be facing all the tribulation and the wrath that has fallen upon your world.

Yes, daughter because America was once founded on Me. But NO! She shall never rise up and be great again. She has played the harlot with Me.

Listen to the whisperers as in Jeremiah's days where they prophesied a lie until the moment the king of Babylon showed up on their very doorstep. I am going to tear Babylon down from the inside out and daughter...the inside is almost destroyed. Hear how they prophesy a lie?

They prophesy peace and prosperity returning to this land.

Daughter I say, it will be divided in two.

I say that it will fall into the water.

And I say I will bury it to be remembered no more once those that are still left of Mine that are to endure to the end are removed from the soil.

I have not abandoned America-Babylon. She abandoned Me! I extended My hand down to her multiple times. Calling to her to quit playing the harlot and return to Me. I gave her warning upon warning, upon warning, upon warning. I say this now daughter, we will see who is telling the truth or not.

I get behind My true prophets and prophetesses. I get behind My true daughters and sons that are speaking the truth even though it's unpopular. And not tickling the ears of the people that want to hear, "Let's make America great again." It's not ever going to be great again. She has refused to embrace Me, her Savior, Her Lord, and her King. I died for America, I died for this world.

And she spat in My face.

She kicked Me out of her schools.

And she kicked Me out of her businesses.

She kicked Me out of My own churches.

She kept Me out of everyday life.

She kicked Me out of the government.

And embraced the ways of the pagan and the deities that are nothing but false: angles, nephilim, and demons. You worship what was created and not the Creator and call yourselves “gods.”

I have been long suffering with this people. Just like I was with Israel and Judah in the days of old...and Samaria.

I have already divided America from the inside. I’ve taken her economy. It’s standing on toothpicks! Her money is useless and her government is trying to hide it. Your inflation has skyrocketed. Your food is growing scarce.

And I’ve just started.....!

Hear what the prophets say. I say, “Hear what I say!” I am the Son of God, Jesus Christ who gave His life for this world. But this nation of yours daughter America-Babylon has chosen as whole to reject Me over, and over, and over again. I’m done daughter. I will take what’s Mine. When I return, I’m taking what’s Mine.

Those that repent and return after I have regained what was Mine, you will endure hell on earth. But I will not forsake you. And that’s where I will say I will not forsake what is Mine. Those that are inside of your borders daughter that have repented and are still now trying to serve Me after I came for My bride, and those in the world that are in the same situation, I will not abandon them.

It comes down to an Elijah moment daughter! Who will stand? The false prophets of the world-Baal? The baal worshippers, the false prophets? Or My prophets, My daughters, My sons? What’s happened once will happen again as you know daughter. My prophets will not fail because I’m behind them. I am behind them daughter, I am behind them.

I will not abandon what is Mine daughter ever! Ever daughter, ever! But I do not force myself on anyone either. So, hear Me now, hear Me now daughter the false prophets will fall with America, with your Babylon.

Watch and see Oh world, watch and see.

Peace then sudden destruction. Lies like Jeremiah’s days. Lies like Jeremiah’s days and I’m sending the king from the north just like I did for Judah and Israel. Putin shall surely strike your land and he will unload his nuclear weapons in his first strike. Followed by others.

And your land will be invaded.  
Your people will go into captivity.

Your lands will be poisoned.

Famine will run rampant.

Disease, plagues, murder, chaos...this is what you have to look forward too.

Plus a moment of false peace as antichrist takes his place to rule. Then you have to run from him.

Those that are not seeking the safety that can be found in Me alone. Or they can be directed, if it's not their time to die, to a safe camp, to the 144,000, to you My daughter, to the underground church, then they will have to try to battle this alone. They will die quicker.

But I will NOT embrace America but I will not bring her, but down. As it is foretold America is Babylon of old and Babylon of new. Her fate is sealed. Her fate is written. She will sink to never rise again when I am done with her. I will erase her memory for her vile actions and betrayals to not only Me her holy God, her Savior...My Father but to all the people of the earth too,

That is what I say about the matter!

The false prophets prophesy a lie. America will fall and fall hard, never to rise again as a power. I've clipped these eagle's wings and I've stripped the feathers. She will never rise again and when it's down, I will sink her to the ground.

Read My Word daughter, search it out. I have spoken and I have declared it. I am not playing games. Research daughter. You know what happens to the false prophets. You've been in Jeremiah and Isaiah for many, many, many years.

What comes around...what's happened once will come around again. If they don't repent I'm taking them down with a "mighty" show for saying, "Thus saith the Lord," or, "This saith Jesus or Jesus Christ," when it wasn't Me!
