

### **Vision of Xi Jinping 1-21-23@10:04AM (Shared 1-31-24)With Confirmation**

**These confirmations are to bring glory and honor to Father God and my lovely Jesus Christ. I was simply the one They chose to use for these dreams, words and visions.**

I'm seeing, I'm seeing Chinese silk lanterns red with gold Chinese writing. Now they are paper. They're being lifted into the air. There's fire inside them. They rise to the sky, many of them. The writing is large gold and not small in size on the lanterns.

I see Xi Jinping. I see confetti falling from the sky. He's in a dark suit, white shirt, medium blue tie. I see golden dragons. The serpent's body ones with the head similar to the dragon's head drawn in tales of Knights except it has a long thin mustache. It's a grand celebration.

Xi Jinping I see it's in a black vehicle, an open top vehicle. It's a clear but somber day. I now see him sitting in a seat of honor looking on at a display of soldiers moving in perfect timing, perfect unison. It is a massive army of people. Xi Jinping is pleased with his soldiers. It's the Chinese New Year celebration. Now I'm in a large room filled with grey computers. From where I'm standing in front of some control panels is a set of very large wide windows. They're tall in height. I see out below what looks like airplanes, more like fast jets.

There Are people bustling about. I see pilots in pilot gear.... uniforms walking with helmets in hand toward designated jets. Some jets I see have steps.... ladders being moved away. These already have pilots inside them. I see jets being fueled up. There are many of them in this hangar I'm looking out over upon. But I feel it's just one among many.

Now I'm seeing a port yard.... Shipyard, a place of massive ships and boats. There's much activity aboard them. I see Chinese military uniformed people carrying large bags which I feel are personal items such as clothes being brought on board, one bag per each soldier. They're not in white like our Navy officers but green. "When is this happening Jesus? Is it during the New Year Celebration for China or is it 2 separate events?" No answer came.

I see, I see Xi Jinping has received a call. Whether it is his personal phone or another I do not know. He's listening, he is smiling, he speaks something in Chinese I can't understand. But immediately I see the jet hanger and the ship's ports. They're starting the jets, and the boats are pulling out to sea. "Jesus, Jesus is Taiwan being openly invaded on the Chinese New Year? No longer in the secret of the Shadows?"

"The day, the time has arrived, O' beloved daughter of Mine. I told you smokescreens are being removed, but also that Taiwan was a sign for you that it is the time of war against your nation. You have warned people, including those you love. I shall always keep My word and promise to you. That which you have spoken in My Name shall come to pass for I am a God that will not or cannot lie. It starts in full and not in part for real My love, for all to see out from under the smokescreen of lies and deception."  
"Thank you, Jesus, thank you."

Confirmation: Full Spectrum Survival YouTube Channel, Video titled "China Just Made its Move. This video was removed but I have a downloaded copy that I am sharing.

It says a Chinese covert operation called Dongwei officially began on Chinese New Year 2-10-24 to take over Taiwan. Full force by November. Runs from the start to the 58 second mark.

Actual comments from the China Made It's Move YouTube video from Full Spectrum Survival.

07 second Time Mark: It's very concerning for our community. The Chinese President is reported by Western Intelligence to have officially launched what they are calling a covert operation to take over Taiwan. This happened since the Chinese New Year on February 10th. It has been code named "Dang Wei". I'm sure I'm saying that wrong, that is should return and they're saying that it's going to be in full force by the month of November for 2024. Ends at 37 second Time mark.

\*\*\*Note: Dang Wei might be spelled wrong due to spelling it by the sound of his words.\*\*\*\*
