

My Lovely Jesus Ministry Spiritual Warfare Series
The Power of Agreements/Covenants

Vicki Goforth Parnell 2-16-25

Introduction:

Let me begin by saying if you are a true child of God who has accepted Jesus Christ into your heart and is living a holy and obedient life with His help then you don't have to be fearful of the enemy and their attacks even when going out into public places. This information is shared so if you encounter or recognize any of these issues or situations through demon witchcraft attacks you will be aware of their tactics, devices and schemes and will not be taken off guard.

You should always be wise and use godly discernment concerning who you have talked with, interacted with, where you have been, and what you have purchased or been given that you bring into your home. Remember we are in a war and the enemy never rests or stops scheming to destroy, kill, steal and devour us. (John 8:44; 1 Peter 5:8)

This information is an accumulation of information I have from Father God and Jesus Christ but also includes some gathered over the years from various children of God such as DK Olukoya.

Key Verses:

2 Corinthians 2:11 Lest Satan should get an advantage of us: for we are not ignorant of his devices.

Galatians 3:13 Christ hath redeemed us from the curse of the law, being made a curse for us: for it is written, Cursed is every one that hangeth on a tree:

Proverbs 26:2 As the bird by wandering, as the swallow by flying, so the curse causeless shall not come.

Hosea 4:6 My people perish for lack of knowledge: because thou hast rejected knowledge, I will also reject thee, that thou shalt be no priest to me: seeing thou hast forgotten the law of thy God, I will also forget thy children.

2 Corinthians 2:11 Lest Satan should get an advantage of us: for we are not ignorant of his devices.

The Power of Agreements/Covenants

Purpose for attacks

The attacks from our enemy are all about creating agreements with the kingdom of darkness including soul ties granting them access to a Child of God's life. 2 Corinthians 2:11 says, "Lest

Satan should get an advantage of us: for we are not ignorant of his devices.” But actually the majority of the body of Christ are. The church has grown weak and pathetic. A shell of what she's called to be and yet Jesus Christ continually tries to wake her up because of His deep unwavering love for those that make up His church. Even if they prefer a counterfeit gospel to His pure one. We've sinned so grievously against our lovely Jesus Christ. We the body of Christ have sinned. Forgive us, forgive me. Wake us up Jesus Christ wake us up.

What is the purpose of the enemy's witchcraft attacks? They work in deception that causes agreements and soul ties with people. This will then give them access into your life creating spiritual doors into one's life. That's how the kingdom of darkness operates and when you break free of the witchcraft influences in your life they will rise up and slander you accusing you of being the one that's slandering them. They will try to destroy your name, your life, your family and family life, your friendships and such like with anything else they can when we are freed from their control but when we keep our faith and trust in Jesus Christ He will bring us through the trials, accusations and persecution while still having His perfect peace during it all.

How the kingdom of darkness operates to acquire agreements

Lucifer and then the other fallen angels are at the top rank. When a fallen angel sends out an attack he does it through demons unless it is someone in his personal reach he can attack but then he will still utilize demons to assist. The fallen angels work with the higher level demons to send out the lower ranked ones when launching attacks for all attacks regardless of who or what their target is. They will also send demons to their human agents, witches and such like with assignments for attacks. All human agents work in witchcraft. The difference between them and other witches, warlocks, and such like is that some of the latter group at times are still savable. The human agents are not. These are those that have blasphemed the Holy Spirit and have made a pact, an agreement to fulfill their mission that the kingdom of darkness has assigned them even if it means their death. They can also be those that God curses and calls accursed Himself.

The original word for witch is Wicca and was used for both male and female. So I will be referring to both male and female as witches plus calling the human agents by this name. The human agents and the witches get their orders from the demon/s or fallen Angel they have sworn their allegiance to and then they perform the rituals, prayers, herbs, chants and such like for the attacks to have demons sent out to do their bidding. There are also those that have a covenant with a demon and through summons will call forth that demon or another and then command them to do their bidding. Even when a witch operates in attacks that they think are their own idea, it's really thoughts and suggestions being sent to them by the fallen ones or higher level demons to get them to do what they want them to do. All the while the witch thinks it's his or her own idea. They also instruct their witches and human agents through dreams and divination which is also through demons.

This is the principle of witchcraft practice. How they send out their attacks through demons through the rituals of chanting, peeping, murmuring, mantras, prayers and such like. The witches are trying to get you to make an agreement which is by sinning that then opens a door and allows the enemy legal access into your lives. The key element in every attack from Lucifer's kingdom is to get a person to come into some type of an agreement with them. An agreement can mean an oath, covenant, contract, pact, pledge, compact, treaty, accord, deal, arrangement, understanding, bond, promise, a joining, warrant, guarantee, commitment, a tie and such like. Most of these will be through deceptive means as in being hidden from the person there getting the agreement from. If the enemy can get an agreement with someone and that's legal access to that person's life and soul because sin affects the soul. We know this because in Ezekiel 18:20 it states the soul that sinneth, is shall die.

Even when Father God allows us to be attacked to try, test, purge, and refine by the enemy to draw us closer to Him and strengthen our faith, it is legally done. Father God will make an agreement with the enemy for us to be attacked for the above purposes but with His restrictions of what they can or cannot do. They must adhere to these guidelines of Father God because they are already defeated and powerless against His awesome power. Job is our example given to us in the Word of God attesting to these facts in Job chapter 1 & 2. Every attack from the enemy will be sent in such a way you will have multiple ways of knowingly or unknowingly coming into an agreement, a covenant with the kingdom of darkness. Again, the whole aim of their attack is to get you to come into some form of agreement so they can have access into your life. This is why the Word of God tells us to keep ourselves spotless and clean and to repent often. The enemy has spent years, even centuries creating every type of oath, agreement, hidden and known and soul ties which are agreements too. So many that our minds would stagger at the truth when it's presented to us. I know it did me as I studied about the different ways to form a soul tie which is indeed an agreement.

The only way an agreement can be legally broken that's been made with the kingdom of darkness is through the power found inside the Name of Jesus Christ and by accepting Him into your hearts as your Lord and Savior. That power of His Name when you become His child breaks and nullifies all agreements you had with sin and the kingdom of darkness when you were born into this world. Even in this the enemy doesn't pay fair but utilizes deceit in many forms inside his contracts, agreements, covenants and such like. All His contracts and such like are open contracts. Meaning their agreement between them and you have a hidden clause that allows for changes to be made without the need for renegotiations.

An example of what I mean is this:. A person who has a history of a hereditary disease that is due to someone in the family making an agreement, oath, or contract and such like with a demon or fallen one for whatever the reason. This brings an ancestral/ hereditary curse upon them and includes their family line. The curse is attached to a familiar demon spirit that stays with that family line until the last heir dies or it's broken by a member accepting Jesus Christ into their hearts. Then the curse is broken off that family member's ancestral line through the power of Jesus Christ's Name. But when that person is attacked with symptoms of the prior hereditary disease that accompanied the curse made originally by the ancestor they have two

choices. They can resist, reject the symptoms (attack) the enemy is attacking them with in Jesus Christ's Name or accept them.

If the person does not resist the attack but comes into agreement with it they have reactivated the former relative's agreement with the kingdom of darkness. They are actually legally binding themselves again back to the original curse and familiar spirit they were once freed from because lucifer's agreements, contracts and such like all include an open ended clause that are left open should any member agree once again with anything in the former agreements made with him in the family line. This way he doesn't have to do any renegotiating but is legally allowed to place it back upon you and your family line because you agreed to it by not resisting his attacks. Actually all the kingdom of darkness is like an open contract.

The power placed into the Name of Jesus Christ is God's power and supersedes all others but God's alone. This is how those operating in the power of the Name of Jesus Christ can legally break the agreements and demonic strongholds over land, people, performed rituals and such like for others, even though they didn't make them. This is also how Jesus Christ cast out demons setting people free as we are to do. The only agreements that we cannot break off the enemy in Jesus Christ's Name are those who have blasphemed the sweet Holy Spirit, those who don't have a human soul and those who are accursed.

Jesus Christ broke the curse of sin redeeming us from it we know from Galatians 3:13. But most don't realize the curse was placed upon the Earth and people by Father God because they had transgressed His law. This is referring to Adam and Eve in the Garden of Eden after Eve came into an agreement with the serpent to partake of the fruit from the Tree of Knowledge of Good and evil. The new law, the Covenant of Grace through Jesus Christ allows His children time to repent if they sin with each amount of time different for each person and each offense if we do sin. Which means access to His children is denied from the kingdom of darkness until they repent then no access will be allowed. But if they refuse to repent then that legal access door is still open by His child's own permission for failure to repent. That agreement with the kingdom of darkness is still legal and binding and allows them to access that child's life. Regardless, there are still consequences that each will have to face for our wrong decisions.

So when we can understand that the power of Jesus Christ's Name can break any legal agreement made with the kingdom of darkness then we know we have power to overcome. The power to overcome by the blood of the Lamb is His blood applied to our heart that also gives us the power and use of the authority found in His Name alone to defeat the kingdom of darkness. (Revelation 12:11)

We are called not to be ignorant of the kingdom of darkness devices unless our enemy has an advantage over us. Therefore we need to know what the enemy does so that we are not caught by surprise when they attack. Let's not forget every attack is set into motion to try to get a child of God or even a sinner to come into some form of agreement with them whether hidden or known. This is the only legal way they can have access to perform their demon witchcraft on us except one in a child of God's life. The only other example is when Father God makes an

agreement with the kingdom of darkness to attack us like He made with satan concerning Job. And then He could only attack in the ways that Farther God allowed. (Job 1:6-12; 2:1-6)

What is a covenant, an agreement and such like?

When the Bible mentions a covenant, it's referring to a strong, solemn agreement between two parties or more. However, nowadays covenants are very different agreements than Bible days.

1. Covenants make two into one. When two parties make a covenant in the Bible, they become joined together and identified with each other. Some may exchange coats (1 Samuel 18:3-4), have a commemorative meal (Exodus 24:11), and build a long-lasting memorial to their promise (Genesis 31:46). At the center of every covenant, there is a change in relationship. This also includes ungodly covenants made knowingly or unknowingly with satan's kingdom of darkness.
2. Covenants involve promises. People normally don't randomly join together with an unknown person or evil entity knowingly in most instances: the agreement usually includes some kind of practical application. For example it means sometimes they will not harm one another (Genesis 31:50). (in the kingdom of darkness it can be the granting of demonic evil powers) Sometimes it can mean protecting one another (1 Samuel 20). Sometimes it means agreeing not to destroy a weaker people group (Joshua 9:15). In some cases, it can have everlasting consequences for your soul.
3. Covenants involve families and bloodlines. In the Bible, two parties can make a covenant that is intended to last for generations. The following generations are automatically included in the covenant, and they share in the duties and benefits. For example, David made a covenant with his friend Jonathan, but after Jonathan died, he still cared for Jonathan's relative, Mephibosheth (2 Samuel 9:7). This is also true for generational /ancestral covenants that bring curses and such like things that can be made by other people on our behalf. (Example: Mark 9:14-29 The boy possessed by a dumb spirit since a child the father tells Jesus Christ. This is also where He commanded the demons not to return to the boy.)
4. Covenants are spiritually charged. When Jacob and Laban agreed to keep the peace, they didn't just say, they called God as witness (Genesis 31:50). David and Jonathan called God as witness between them, too (1 Samuel 20:17). Covenants are taken seriously, and for good reason: two people are joining together based on little more than their words. They trust a divine being, to hold them accountable. Whether it is God in Heaven or satan.
5. Covenants are not easily broken. In Bible days the people who made the covenants often killed animals to demonstrate what should happen to the one who breaks the covenant. To break a covenant is a serious thing. Jonathan calls on God to kill him if he does not alert David of danger (1 Samuel 20:13). When Saul breaks a covenant his forefathers swore to the Gibeonites, God punishes Israel with a three-year famine (2 Samuel 21:1-2).

When the Holy Bible speaks of covenant, an agreement, it's usually more than just an alliance. And certainly more than a transaction of goods and services: it's a bond that God Himself holds people to. It is a legal binding agreement that stands in Heaven's Courts. This also includes covenants, oaths, agreements and such like made to lucifer, to satan legally. Even if you are unaware you have made them and hold serious consequences if they are not broken through Jesus Christ and the power of His Name.

How can a covenant be confirmed?

1. A nodding of the head in agreement
2. A written agreement with signature
3. A verbal agreement with signature
4. A verbal agreement
5. Ending a discussion with Amen
6. Having a meal or feast with someone/s
7. Shaking hands such as greetings in a church or meeting friends (Remember a lot of times the enemy will hide among these types to deceive if they can)
8. A waving of the hand by a person or hands where more than one are involved
9. Seeing someone off
10. A kiss
11. Soul ties
12. Installing, uploading or downloading software and such like with a hidden agreement inside.
13. Hidden agreements inside of joining social media and other such like. I
14. Hidden agreements for surgical/medical procedures
15. Electronic signatures r agreements
16. Inside dreams
17. Bidding someone Godspeed (2 John 9-11)
18. Tattoos. Most tattoo artists are involved in witchcraft/the occult and will perform witchcraft curses, spells, charms, rituals and such like on the ink and procedures. This is why most people can't get just one which gives the demons connected to the ink/spell or such like more legal access in that person's life.
18. Eating and drinking in a dream
19. A hand gesture & more.

This is why it is imperative to allow the sweet Holy Spirit to lead us in all our ways as Proverbs 3:5-6 instructs us to do as true children of God who have made Jesus Christ our Lord and Savior.
