

The Thanksgiving Dream 10-31-22@ 12:58 AM & 5:55 AM Journalled @9:18 AM With Confirmation 11-28-24

Note: This dream covers more than one year yet it goes together as I can now see with sweet Holy Spirit's help. Thank you dear friend and Jesus Christ my Love.

Lord Jesus I now feel led by Holy Spirit, my dearest friend, to write out the dream I had twice last night. The first time was at 12:58 AM this morning and then again at 5:55 AM. I woke up again with it vividly displayed in my memory. I have waited until praying and laying it before you once again sweet Jesus **because of the content and it is a direct answer to the questions I have been seeking about having a Thanksgiving dinner for over 2 ½ weeks now. (Also read on the video)**

Now Father God in Jesus' Name let me write not one word that's not from You. This is my dream from You, my Love. Lead me Holy Spirit.

Scene One

It began with me observing a World War two bomber plane but it's flying straight upward high in the sky. Why is it flying straight up instead of flying through the air like normally a plane does? I'm not sure. Then suddenly I hear a voice from Heaven say, "**This is still to come.**" Then the scene changed.

Note: This was letting me know that the time of America's invasion was not yet, not this year. It's coming but at a later time in the future. We know it is concerning America because of the last scene of this dream with the plane now arriving with a whole fleet. Followed by scenes of attacks from air and water together.

Next scene 2

I am out shopping looking for a Turkey for Thanksgiving Day dinner. I have gone from store to store and still no turkeys are to be found. "What am I to do?" I hear myself ask. I'm walking through another big store and walk up to the frozen cooler areas where the turkeys normally will be stored. It's empty! They're all empty!

There above the coolers is a large picture hanging down from the ceiling by white ropes. On this picture is a cooked Turkey on a platter with a cartoon person holding a knife in his left hand and a fork in the other. He is showing from his head to his chest only. Across the picture is a huge X over the cooked Turkey and the person. I hear a voice from Heaven's say. "Thanksgiving Day **dinner** has been canceled!" Then the scene changes again.

Note: This is a direct personal answer to my prayers I was seeking. I was not to have Thanksgiving Day Dinner on Thanksgiving Day. It was cancelled for me on that day. But I could have it before the 14th as mentioned in the 3rd scene if I chose to have a dinner.

Next Scene 3

I am in my apartment speaking to someone by phone. I'm not sure who is on the other end. I hear myself ask, "Well, when can you come for Thanksgiving dinner? What is the day you can give me that you can safely say your schedule will not interfere with you coming for dinner since we're not able to have it on Thanksgiving Day?"

I know the person is answering. I paused to listen, then wrote on a piece of paper lying on the table in front of me, "Not after the 14th of November or they won't be able to make it." I turn to my wall calendar behind me and place an X on the 14th of November. I say, "Got it. We can safely plan for our dinner if it's before the 14th if we want to have this last Thanksgiving dinner before we all depart on our grand journey together." Then the scene changed again.

NOTE: I had announced this on some of the videos and the media sites not long after this dream and advised this part was also pertaining to me directly. It was Father God telling me when I could safely have dinner before the 14th of November this year with friends and family. It was my last one because of things that had happened with the enemy at the apartment complex. In addition after studying the roots of Thanksgiving I no longer celebrate our nation's Thanksgiving Day origins but instead choose to be thankful for everyday Father God has blessed us with.

Next scene 4

I'm sitting in the living room area of my apartment with family and friends. We had just celebrated our Thanksgiving dinner together in which we were thanking God for the delicious meal where instead of a Turkey we had a delicious ham with many other foods. (For those who have issues about what I had eaten in the dream I refer you to 1 Timothy 4:4-5 & Philippians 2:9-11.

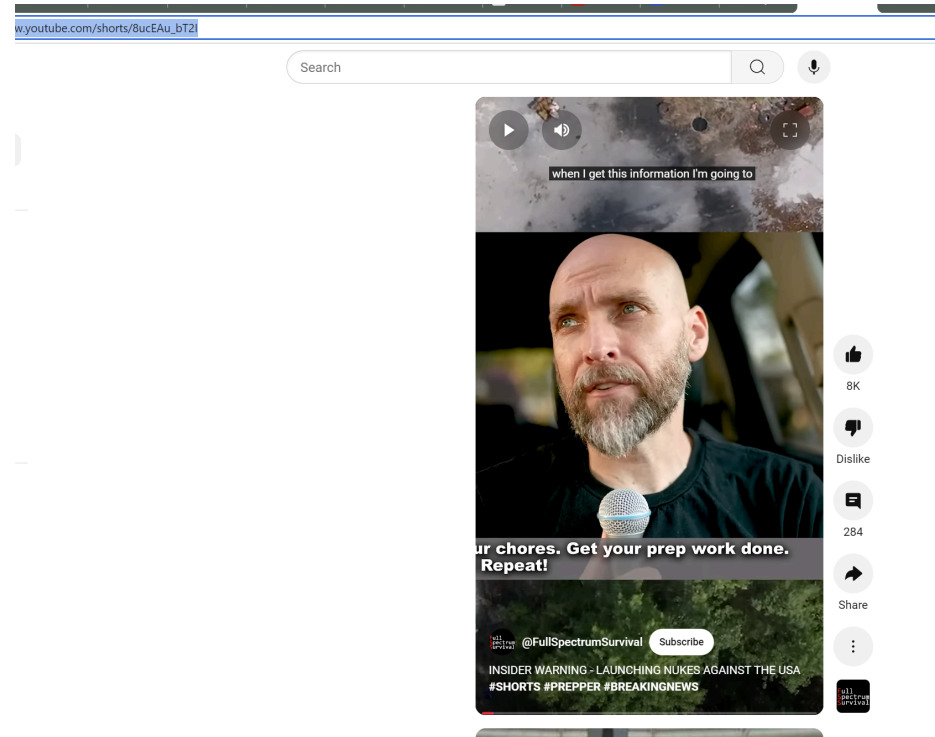

Note: This paragraph confirms I will have the dinner before Thanksgiving Day which I did in 2022, but it's also a time marker for coming things. 2022 was my last Thanksgiving dinner with friends and family.

There is an old timey box TV. A large one built inside of a wood cabinet like they used to be built in. The TV is on which is very strange because I don't watch much TV, if any, preferring to watch preaching, teaching or gospel music. There is a man that looks like Richard Nixon sitting in front of a desk holding a sheet of white paper that he begins reading off of. **He says these words “Snow is expected to fall heavily everywhere upon our great nation. Dirty snow in abundance by Thanksgiving Day.”**

Note: Richard Nixon is giving a warning of expected dirty snow that will fall heavily everywhere and these warnings will affect our whole nation. There was no date given when the dirty snow (nuclear war/fallout should arrive), only to expect word...the dirty snow warning should arrive by Thanksgiving Day. And it has. So this refers to some type of nuclear warnings also because of Richard Nixon’s role in making the announcements. He was heavily into Nuclear things when he was the US President.

Never before in my lifetime have I witnessed the state of end-time prophecy being set up so quickly for God's final chapter! Notable prophecy scholars are beginning to wonder if Vladimir Putin is the aggressive prince prophesied by Ezekiel that will lead the invasion against Israel.

In today's study, we will answer 3 questions:

1. Will Putin's nuclear threat increase United States military involvement in the

I hear my daughter say, "Oh, we must leave before the snow hits." Then she asked, "Mom, when are our tickets for? What days?" I hear myself reply. "All who are going can leave at any time but they're only available for those who made the reservations in advance for the journey, but I did specify with the Ticketmaster we wanted to leave as soon as possible after we had our Thanksgiving dinner together."

Note: My daughters opinion was we must leave before the snow hits but it also emphasizes the threat in this matter of the dirty snow that's projected to come. That's predicted or expected to come. There were no dates for the trip or the tickets. All I knew was we could leave anytime after we had our Thanksgiving dinner. Any time or any year because it didn't set a date, but I had requested it as soon as possible. (This is the mindset of those who are Bride ready.)

I hear my son say, “Mom I changed my mind. Can me and my kids come?” “Son,” I replied, “You know I think there's still time since it's not Thanksgiving Day yet. Are you sure you want me to contact the Ticketmaster? I have already told Him when I have been talking to Him that I want you and my grandkids to come. He said He would hold three positions open for you. All you had to do is accept them, His tickets, and you could come. “Then yes mom,” he said. “we want to come.” Cheers erupted in the room as the joy of having our family go on this journey together filled our hearts. Then the scene changed again.

Note: Here is why I knew more than one year is involved in this dream. My son and grandchildren had not accepted Jesus Christ into their hearts (their tickets) at the time of this dream in 2022. In fact all 3 were saved in 2023 showing this latter part of the dream came later than the first part. Now though they’ve accepted Jesus Christ as their Lord it makes it possible for them to be on the rapture express. Again, there was never any date given for the trip. Only that a warning of dirty snow should be expected concerning our whole nation/America that made us want to leave even sooner before it arrived. In addition, “Since it’s not Thanksgiving Day yet,” refers to the part where I had told the Ticket Master we wanted to leave after our dinner. This is because we had heard the dirty snow warnings that should arrive by Thanksgiving Day.

Next scene 5

We are on the plane, both family and friends, and it's about to take off. We are filled with happiness and joy. There is a man in a blue uniform that is standing in front making an announcement. His captain's hat has gold trim and there's gold trim and gold buttons on his royal blue uniform. His shoes are shiny black and his shirt is crisp white. He needs no microphone or speaking device and his voice is heard by all like the sound of rushing waters.

“This is your Captain speaking. You are on a one-way flight to Heaven. You need nothing but yourselves. Enjoy the comfort and peace of My rapture express.” Then suddenly His eyes begin turning into flaming fire and He says, “Let's go My bride! Let's go home.” Shouts go up as He walks into the cockpit, and we begin our ascent into the air. I looked outside the window for a moment. “Snow!” I see snow starting to fall, but it’s dirty. Then the scene changes again.

Note: This goes with many dreams and visions I have had concerning the return of Jesus Christ also called the rapture. It signifies that after the bride is safely away as we were in the plane that the dirty snow or nuclear attack would occur in my nation sometime afterwards. This could be any amount of time between these 2 events.

Next Scene 6

I am an observer, and I see the dirty snow has covered our nation. This snow has a deadly effect on our land. I find myself looking up and I see the lone bomber from the beginning of this dream. But now it has begun turning and is heading back down. Straight down but he's not alone. There is a fleet of them.

Next my eyes began looking as my vision expanded to the waters around our nation of America. I see ships, boats, submarines, and drones. All types of variety, shapes and different flags on top of some of them. It is a massive army from the waters and the skies.

I hear the voice from Heaven again say, "Now, now is the time for this!" Then I awoke.

Note: This warns us that there will be dirty snow/nuclear fallout from nuclear attacks on America before the planes and fleets in the water arrive. It covers our nation but it didn't say it was completely covered. This would mean a nuclear strike is before the actual invasion of America/Babylon. Again no set year was given. In addition from the Heavens we are warned now is the time for the invasion...after Jesus Christ had returned for His Bride.

I have spent many hours seeking, fasting, praying and asking you my love about these things and this dream given to me twice in one night has confirmed many things you have been telling me. Now Lord, how do I proceed? I'm at peace and felt no check in my spirit with this dream.

Verses

1 Thessalonians 4:16-17; Matthew 24:27; Mark 13:32-37; Matthew 7:7-8; Hosea 12:10

Bullet Points

1. Remember this is a dream so pray about it and line it up with the Holy Word of God and ask Holy Spirit to speak the truth of this dream to you.
2. This dream was an answer to my personal prayers where I was seeking God if I would be able to have Thanksgiving dinner with my family and friends.
3. The lone WW2 bomber plane is the same I have seen from other dreams and is Russian. I know this from researching it from prior dreams.
4. I had the sense and feel that there's more I wasn't aware of in this dream that was going to happen in between the 14th and 24th of November. (There was an issue for me in 2022)
5. The wording where I asked in the dream about "safely" having Thanksgiving dinner stuck out to me so that I feel if I wait until after the 14th, there may be a reason that we won't be

able to have it or it may pertain to only me and my Thanksgiving Dinner since it was a direct answer to my prayers.

6. I was obedient and had our dinner prior to Thanksgiving Day. This was evident by the ham instead of the turkey being served. It was also evident when we were talking about the journey being before Thanksgiving Day.
7. The shortage of turkeys also can represent the food shortages we are already experiencing. (Actually referred to me that Thanksgiving Day Dinner was cancelled for me.)
8. Richard Nixon turns out to have heavily endorsed nuclear energy and he was heavily into nuclear power and threatened several times to use it in various situations during his presidential administration.
9. Nixon opened up diplomatic relations with China. Prior to that we refused to recognize them as a nation and would have no dealings with them whatsoever. Comedians would joke that if you sent a letter to China, it would come back as no such country.
10. Dirty snow is symbolic of nuclear fallout. Symbolic of the term nuclear winter.
11. The journey we were preparing for was symbolic of rapture.
12. There's still time to get saved and be able to go in the rapture. The pre-made reservations for buying the tickets are symbolic of this fact I feel.
13. Jesus was the Ticketmaster in this dream I feel.
14. Jesus is the captain of the plane called the Rapture Express that is heaven bound.
15. The dirty snow began falling after we had already departed.
16. The bomber fleet came shortly after the dirty snow and was of different types. So did the vessels in the water. Both are also symbolic I feel of the soon coming invasion of America.
17. The massive armies in the waters are also part of the invasion made up also of many nationalities.
